Dear Dr. Von Herzen:

It is my pleasure to congratulate you on being selected as a recipient of the 2013-15 North American Partnership on Environmental Community Action grant.

Making a visible difference in communities across America is a top priority for the U.S. Environmental Protection Agency as we seek to improve the health of all citizens and to protect our environment. Your work to improve sanitation for Arctic villages across North America will strengthen communities and complement efforts under way at the EPA.

The EPA is proud to support The Climate Foundation as you address environmental challenges at the community level. We thank you for your commitment to protecting our shared resources.

Sincerely,
